The year of the rose is brief; From the first blade blown to the sheaf

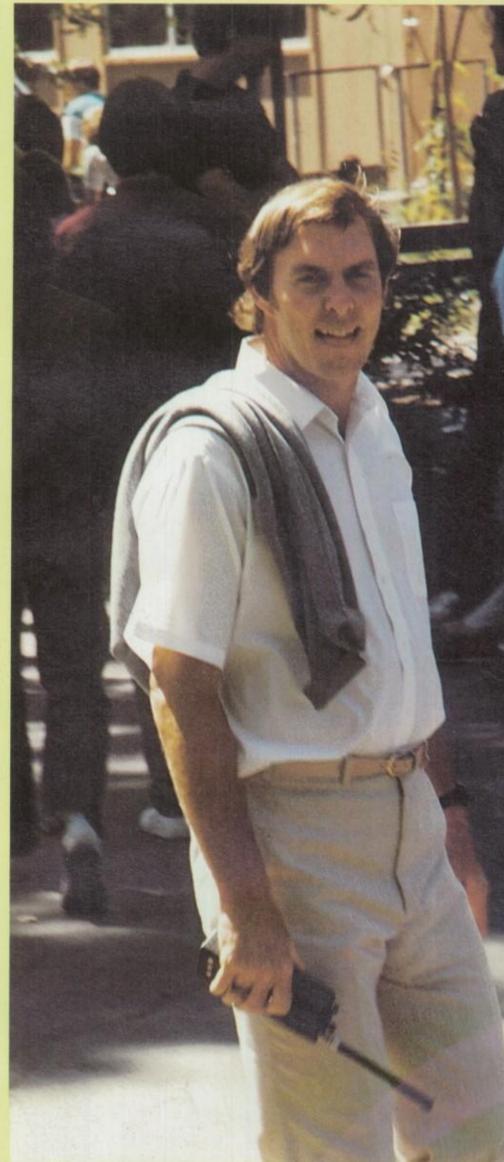

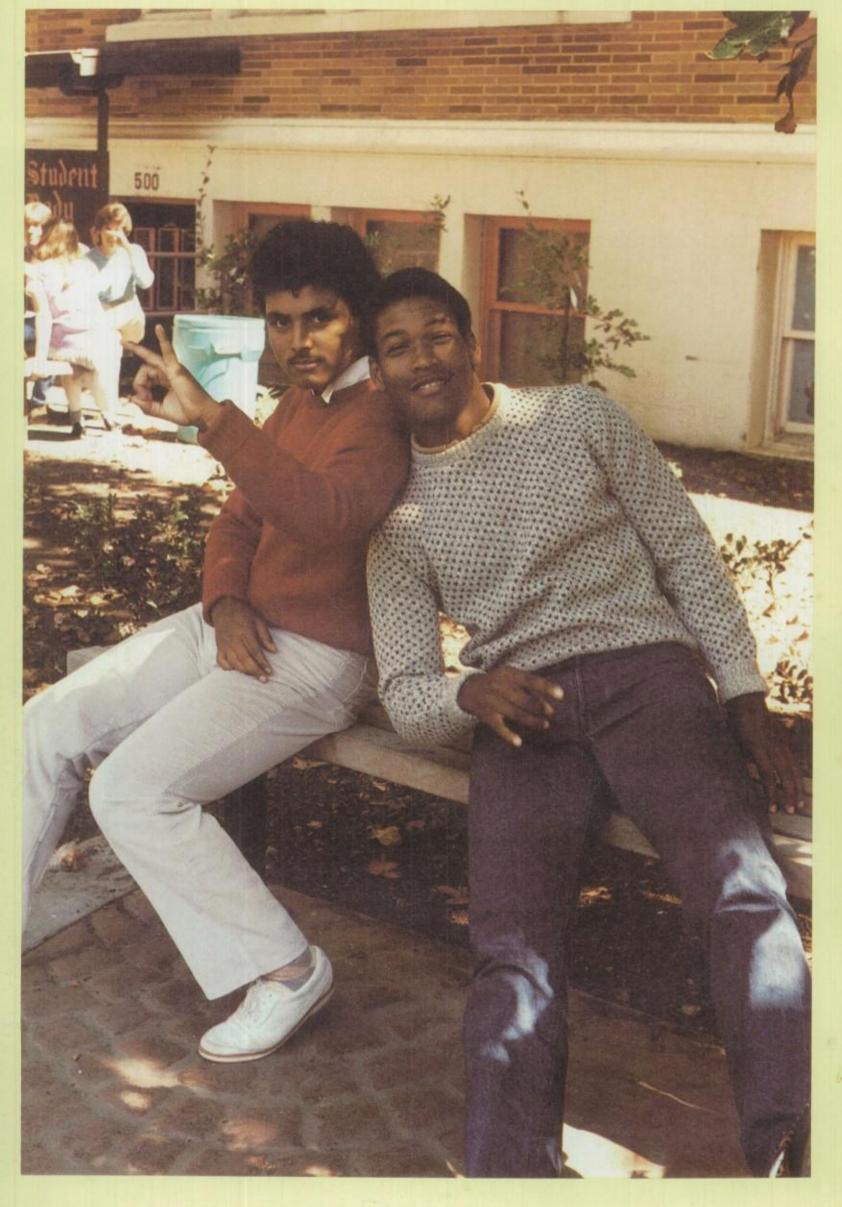

From the thin green leaf to the gold, It has time to be sweet and grow old

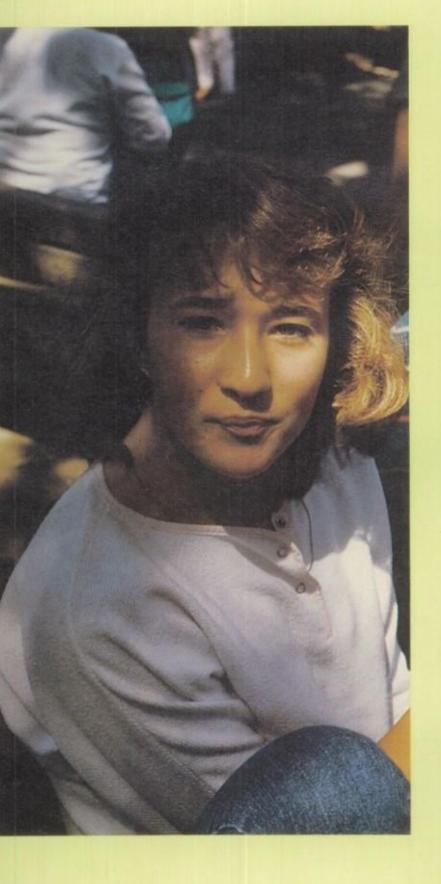

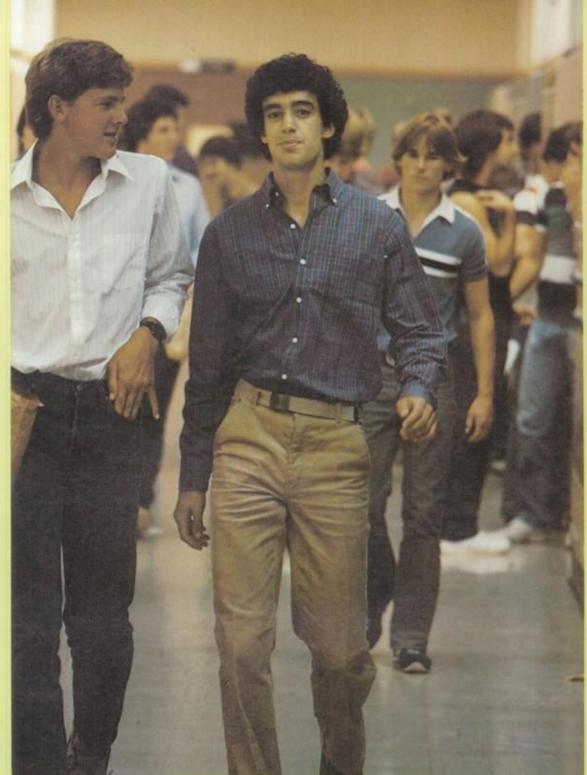

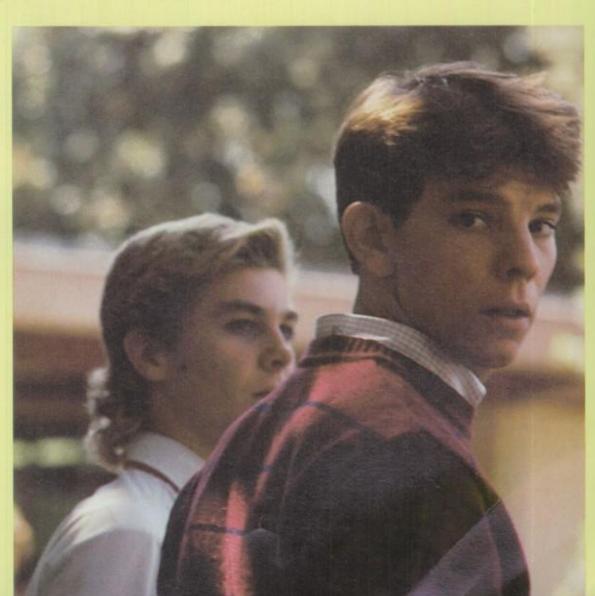

To triumph and leave; but not to stay.

The Rose, it lives it's little hour Each morning a thousand roses are brought, you say . . .

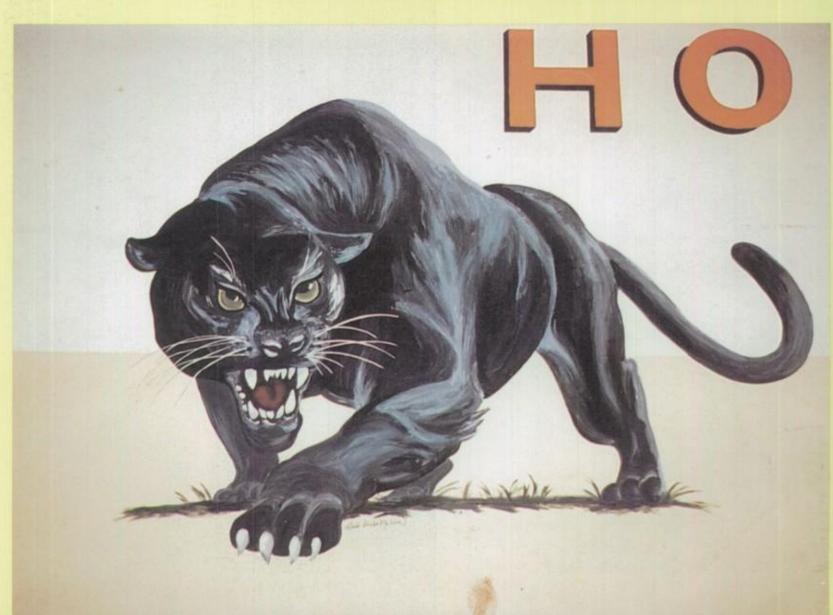

But where are the leaves of yesterday?

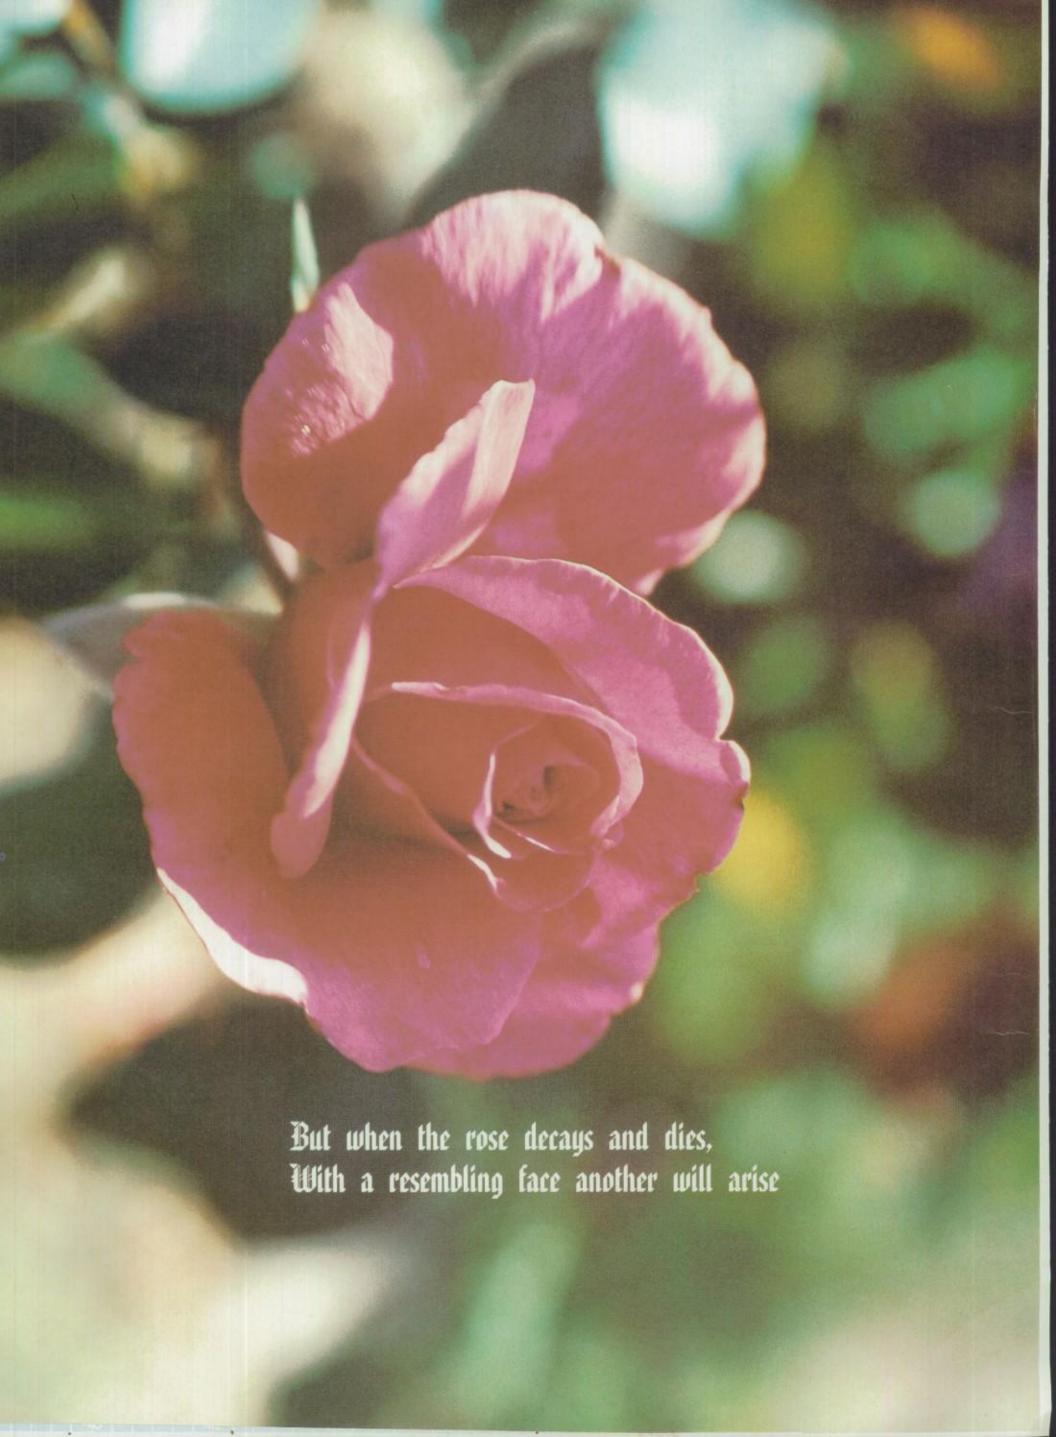

The sweet life of the rose

in time must fade and lose its beauty

STUDENT GOVERNMENT

Pictured here, on these two pages, are the members of Santa Rosa High School Student Government. Some of them, such as Student Body President, may be familiar to you. Some of the others who fill less glamorous positions probably aren't familiar to many of you. These are the unsung heroes of our school. You may not pay much attention to their existence, but if they didn't fulfill their duties, you would sorely miss them. These people put in long hours organizing dance, rallies, activities, car-caravans, blood-drives, etc., raising money and making our school's image in the community one that we can be proud of. All those colorful eyecatching posters that our halls have been decorated with this year are all the result of many hours effort on the part of the members of Student Government. The informal dances that we have enjoyed once a month were all organized and staffed by the Student Government. The excellent car-caravan and rally before the Homecoming Game were both due to these people. The people on these two pages are the hard-working, dedicated soulswho make our school a lot more fun.

SOCCER

Coaches Corner:

This year's soccer team was quite successful, thanks to the efforts of all of its outstanding players. Their victories over Montgomery and Ukiah were true team efforts.

Although the team didn't win the league, a few players stand out from the crowd. Outstanding players this year were: Alan Ramos, John Hathaway (M.V.P.), Adam Savin, Cindy Romero, and Dane DeMattai. Thanks to all for a super season.

Coaches Corner:

This year's varsity volleyball team got off to a good start, with two fourth place finishes in in the Chickaluma Tournament and the Justin Sienna Tournament. The team is led by the two setters, all league MaryBeth Rathbun and Jackie Cooper, who is a sophomore. The returning Seniors this year are split between the offense and the defense. Outside hitters were Lisa Manwaring and Therese Hughes. They are backed up by defensive players Iris Dengler and Gwen Peters.

This year's team is dominated by juniors whose enthusiasm enhances the team spirit. Defensive specialist, all league second team, Melanee Schuld prevents the opposition from scoring heavily on their hitting. Krista Poulsen, Jennifer Neumann, Bonnie Harrison and Denise Marsh make up an outstanding hitting squad.

The offense is run in a 6-2 pattern with the setter coming off the back row. This gives the team a three man offense with two outside hitters and one middle hitter.

This year's Junior Varsity Softball team may not have won all their games, but according to most who watched them play, they "looked pretty fine!" -It was all the hard work, practice, and the desire to win that helped provide the spirit necessary to achieve victories. By the way, Coach Nott, according to your team, "Our coach was the Best!"

UARSITY SOFTBALL

REBUILDING is what this year's Girls Varsity Softball team was in the process of doing. This was done with their new coach, Chet Atkinson. The team only had 5 returning players along with 9 new ones. Of these, 3 were Sophomores. The highlight of the pre-season was the stunning victory over Casa Grande. The team's starting pitcher was Kathy Kinney, herself a sophomore, so WATCH OUT, MONTY, in years to come!

The Mercedes-Benz 190D 2.2 Sedan: new technology creates a new kind of diesel automobile.

If you find the new 190D 2.2 Sedan to be uncannily quiet, there is a rather uncanny technical reason: its light-weight 2.2-liter diesel engine is ingeniously *encapsulated* to radically diminish running noise—

even at idling speeds. Meanwhile, its aerodynamic efficiency is rivalled by only a handful of production cars today. Its multilink rear suspension lends handling stability that must be felt to be believed. The new 190D 2.2 Sedan: a series of technological innovations blended, via a decade of development, into a new kind of diesel automobile.

Test-drive the new 190D 2.2 Sedan today.

The yearbook staff of 1984 was hardworking and creative. Their talents made this book outstanding. I found working with this group of people not only improved my own talents, but was one of the elements which made my senior year complete. I would like to thank each one for their effort in making this yearbook the best ever. Also special recognition should go to Jason Schwartz of Vastine Studios for his great effort which made the photos in this book outstanding. A special thanks from the whole staff for the title page.
